GERMANY MUST SIGN TREATY TO ESCAPE DESTRUCTION

WILSON PLANS TO RETURN TO STATES JUNE 1

Special Session Of U. S. Congress May Begin Late This Month

WILL ADDRESS SOLONS

Friends Insist That He Tour States Explaining Treaty To People

WASHINGTON, May 3.—President Wilson expects to return home around June 1—and a special session of congress may begin either May 26 or June 2—according to the latest authoritative advices received here from Paris.

The peace treaty, 50,000 words of whose text already has been received at the state department, will have been made public and opportunity given for a thoro digest of its articles by the senate before the president returns.

He plans to prepare his address to congress enroute over and hopes for ...y action on the treaty in the up...arch.

... friends of the president here ...e firm in their demand that he ...he country after he has delivered his address to congress and ex...he peace treaty to the people.

...EGED CHECK WORKERS CAUGHT BY POLICE HERE

LeRoy Elmer and Roy Miller wanted for perpetrating check frauds in several Ohio cities were arrested by Patrolman Fretague and lodged in the city prison Friday afternoon after they had passed two checks on two local business men amounting to $581.50.

The two men gave their home as Charleston, West Virginia. They came to the Brode Electrical shop Friday afternoon and purchased about $35 worth of electrical fixtures from Mr. Brode and Chas. Askrens.

The checks were made payable to Mr. Brode and Mr. Askrens and were drawn on themselves, Brode and Askrens endorsing the checks and attempting to cash them.

A wire to the bank they were drawn on at Middletown proved that the checks were valueless and the men were arrested by Officer Fretague shortly after Mr. Brode complained to the local authorities.

The men are wanted at Middletown for working similar frauds and at Columbus where they also passed worthless checks.

They will be given a hearing before Mayor H. L. Richardson Saturday afternoon at 1:30.

That the two men are old hands at the game and had it reduced to a science is indicated by the fact that they carried their own check protector with them and check books on fifteen or twenty different banks in this state.

HINES SAYS NO IMPROVEMENTS ARE PROMISED

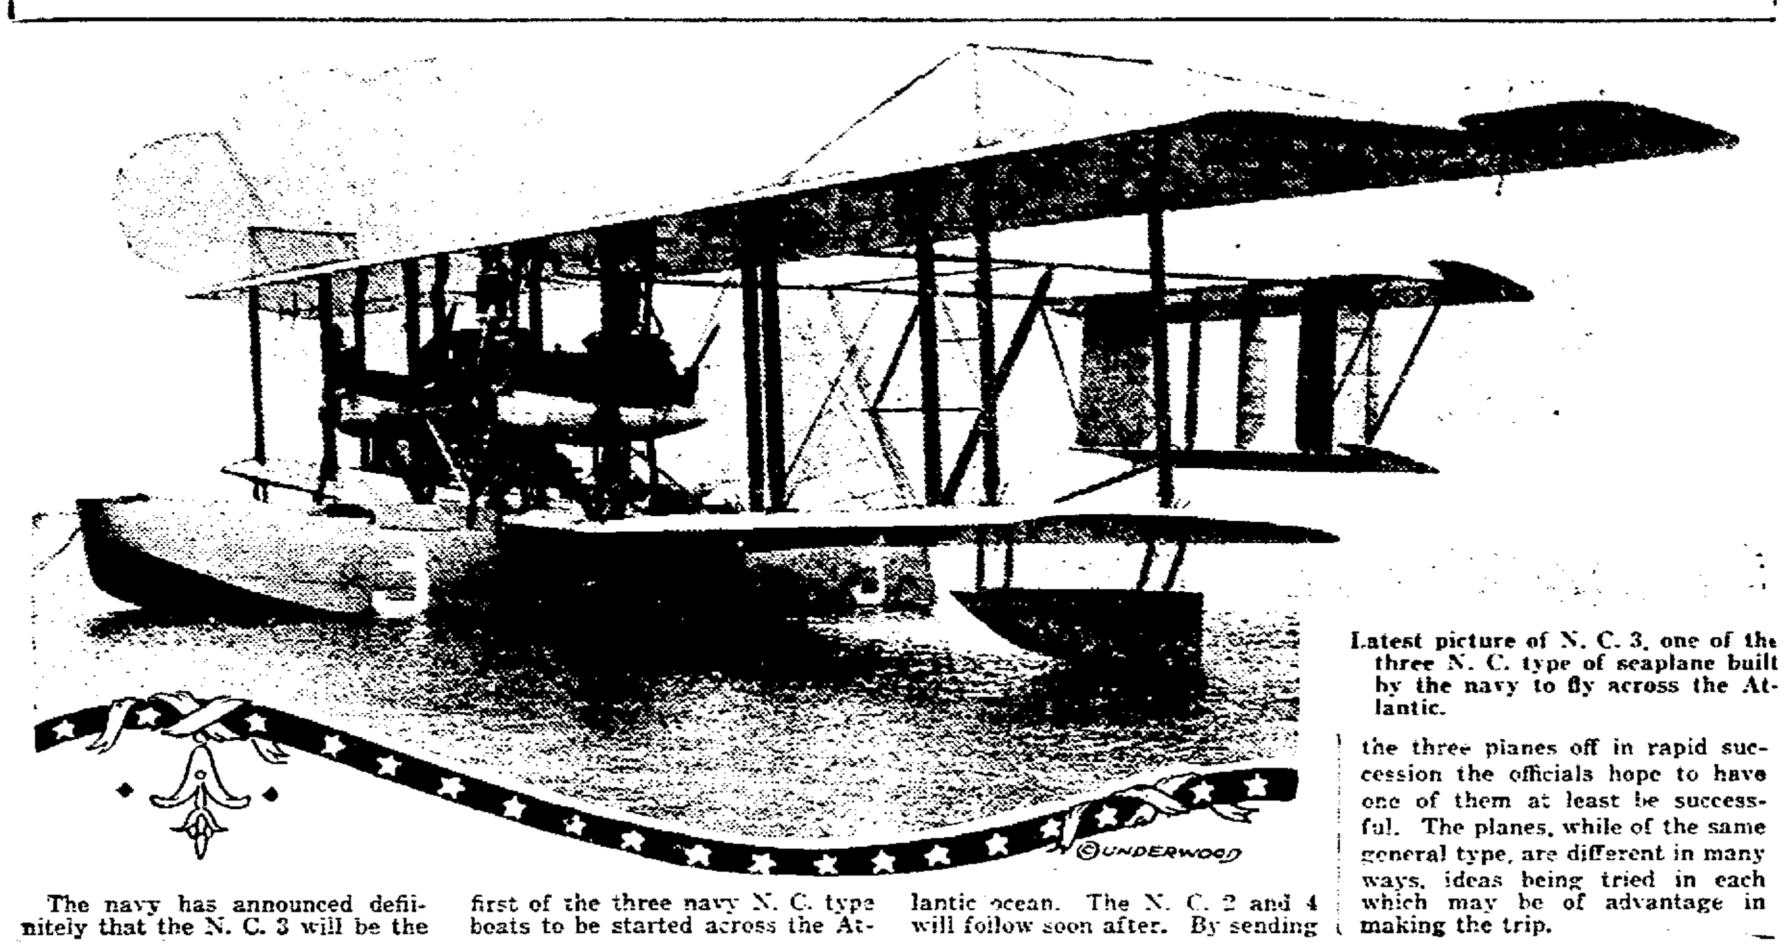

CINCINNATI, O., May 2.—Walker Hines, director general of railroads, here today to inspect terminal and depot facilities, informed civic organizations little could be promised in the way of railroad improvements until congressional action had been taken on the term of life of the railroad administration and appropriations for its conduct. Hines admitted the need of modern facilities in this city.

Helen Lois Hays Granted Divorce

Helen Lois Hays has been granted divorce from Stuart Hays, Jr., by Judge Glenn on the grounds of gross neglect of duty and has been restored to her former name, Helen Lois Craig. They were married at Montgomery, Alabama, the marriage being kept secret for several months.

Ernest Wisenburg, south Seventh-st. is spending the week end visiting at the home of Francis Patton, Tyndal.

U. S. NAVY'S FIRST HOPE IN TRANS-ATLANTIC FLIGHT

Latest picture of N. C. 3, one of the three N. C. type of seaplane built by the navy to fly across the Atlantic.

The navy has announced definitely that the N. C. 3 will be the first of the three navy N. C. type boats to be started across the Atlantic ocean. The N. C. 2 and 4 will follow soon after. By sending the three planes off in rapid succession the officials hope to have one of them at least be successful. The planes, while of the same general type, are different in many ways, ideas being tried in each which may be of advantage in making the trip.

NEW DISEASE, APPLE BLOTCH APPEARS HERE

County Farm Agent Has Treatment To Arrest Its Depredations

ADVISES 3 SPRAYINGS

Apple blotch, a dangerous disease affecting apple trees and fruit in the southwestern part of the United States has recently made its appearance in Coshocton-co County Agent G. C. Musgrove has discovered.

This is a very serious disease, attended by serious loss to the apple grower unless effectively combatted.

The following instructions are issued by the county agent:

Blotch is a most serious disease of the apple. A recent survey of orchards in Coshocton-co shows that it is present here to a considerable degree; unless it is controlled it is capable of infecting every apple upon the tree, making them worthless for marketing.

Apple blotch affects the twigs, leaves and fruit. On the twigs, it appears in the form of small cankers which noticeably roughen the bark, it causes small white inconspicuous spots on the leaves; on the fruit a brownish black spot appears about June 1, or later, which enlarges and the conjunction of several may cause the whole side of the apple to become blackened. On some varieties, particularly the Ben Davis, cracks may appear in the blotch areas. The disease spreads to the fruit from the twigs and watersprout cankers.

The most susceptible varieties are Smith Cider, Mann, Maiden Blush, Northwestern Greening, Ben Davis, Duchess of Oldenburg, Tolman Sweet, and some others.

Control Measures

1. Spray with Bordeaux mixture (3-4-50 strength) 15 to 18 days after the petal fall spray. 21 days is the outside limit of safety.

On trees which are seriously infected repeat the above, three weeks later and again in three weeks.

It is suggested to those men who are accustomed to use of lime sulphur and arsenate of lead, 10 days after the petal fall spray application, that on infected trees they substitute Bordeaux and arsenate of lead two weeks later as indicated in the first paragraph under the heading "Control Measures."

2. All water sprouts not actually needed should be cut out as soon as possible as they are easily affected by the disease.

3. Thinning of affected twigs during the winter pruning is always advisable.

4. Burn all cankered wood.

5. In cases where there are but two trees of very susceptible varieties in the orchard it may be advisable to cut them down in order to remove the "gateway" thru which the disease gains entrance to the less susceptible trees.

6. In cases of slight infection lime-sulphur (1-40) applied at the above suggested times, may be a sufficient control, but in cases of considerable infection, Bordeaux is essential to success.

For further information get in touch with the county agent.

OUT OF THE SERVICE.

William Phillips, son of Mr. A. A. Phillips, returned to his home here Friday, having received his honorable discharge from the service at Camp Sherman.

Navy Hydroplanes Tuned Up For Ocean Flight Next Week

NEW YORK, May 3.—The hydro-airplane in which United States navy men will attempt to fly across the Atlantic next week were to be placed in commission at the Far Rockaway Naval Station today. The airships are the NC-1, NC-3 and NC-4. All have been given extensive trials and found satisfactory.

Commander Towers, in charge of the flight, said the next preliminary would probably be maneuvering for the three machines in squadron formation.

The first leg of the flight from Rockaway to Halifax, will probably be covered early Tuesday, according to information obtained today.

BAD WEATHER DELAYS THE BRITISH FLIERS.

ST. JOHNS, N. F., May 3.—Weather conditions continued unfavorable today and little hope was held that the trans-Atlantic airplane flight would be attempted. A stiff northeast wind was blowing in the region of Belle Isle and a fog still hung over the harbor. No concern was expressed by either Hawker or Raynham over the arrival of the United States Mine Layer Aroostook, now lying in Trehassy Bay. The Aroostook carried the crew of the American naval air station which will be maintained as the base for the United States flying boats. Hawker declared that with a reasonable break with the weather, the British aviators could give the Americans a three days start and still beat them to England, providing the Americans follow their announced plans.

SUSPICIOUS PACKAGE IS NOT OPENED

WASHINGTON, May 3.—A suspicious package believed to be another May Day bomb was held from delivery at Americus, Ga., today the post-office department was informed. The package bore the marking "Gimbel Brothers, New York," but in this instance it was registered. The package was addressed to "a prominent citizen" whose name was not given. An immediate investigation and report by local officials was ordered by the department.

Americus is the home of Representative Charles R. Crisp, and officials here that the package might have been addressed to him.

NOT WARSAW MAN

The Earl Clark mentioned in a court item in issue of April 25 is not Earl H. Clark of Warsaw, O.

WARSAW ROAD TO BE CLOSED NEXT TUESDAY

Next Tuesday, May 6, the Warsaw raod will be closed from a point where the improvement of the road stopped near the residence of James Clark to the Big Island ford bridge. It is expected that the road will be closed four weeks. The same detour will be used as was used last summer.

Enough stone is on hand to complete the section from James Clark's residence to the Big Island ford bridge. S. A. Palmer, Marietta, has the contract for macadamizing the road. It will have six inches of gravel base and limestone surface.

The road is to be completed in September and County Surveyor Ross Hamilton believes the prospects are favorable for the completion of the work by that time.

Mr. and Mrs. Howard Patton, Tyndal, were in the city shopping Saturday.

GEORGE SHINER FOUND GUILTY OF WARSAW GARAGE BURGLARY

George Shiner was found guilty Friday afternoon at 4:15 o'clock of burglarizing the Workman & Still garage at Warsaw. It took the jury just 15 minutes to arrive at a verdict. N. H. Price, Roscoe, was foreman of the jury.

Judge Glenn withheld sentence of Shiner, who will probably be sent back to the penitentiary, where he has already served three terms. Shiner was sent up from Athens-co in 1908 for being implicated in the stealing of tobacco and other articles. Later he was sentenced for receiving a stolen automobile in Toledo. Prosecutor Leech had also obtained information concerning other crimes in which Shiner is alleged to have been implicated. Shiner admitted some parts of his criminal career while on the witness stand. He claimed that he was 19 years of age when the robbery in Athens-co occurred and that he is now 30 years old. His story did not tally with the journal entry from the Athens-co court records, which showed that he was sentenced in 1908 or when he was about 28 years old.

During the last few years Shiner has been in the garage and automobile repair business at Toledo and Columbus. He testified that his trips to Coshocton were all for the same purpose—to see Nellie Lowery. He said that when he was arrested in Columbus a few months ago he supposed it was at the instigation of his wife as he had been having family trouble.

The evidence in the case tried here Thursday and Friday was largely circumstantial. The stolen tires and automobile accessories from the Warsaw garage were found very soon after the robbery in Shiner's garage at Columbus. Just how they got there was not clearly shown but the fact that Shiner had been in Coshocton-co at the time of the robbery was committed and the fact that he was able to direct the officers to the place where the stolen property was concealed tended to link him up with the crime, altho he maintained that the goods had been placed there by another man to whom he had rented part of the building.

TIPS IN BOMB PLOT LEAD UP BLIND ALLEYS

Police Are Baffled By The Clever Operation Of The Conspirators

TRACING WRAPPER

TIPS IN BOMB.

NEW YORK, May 3.—An arrest must be made today in the investigation of the May Day bomb plot which centered here, if the police are to make good their prediction that there would be arrests "within 48 hours." The time limit is up tonight.

Two of the clews obtained yesterday led to nothing. The finger print on the bomb mailed to Mayor Hylan turned out to be that of a policeman, it was learned. The police satisfied themselves that the explosives found in the Baldwin medical institute were not placed there in connection with the May Day plot and also that Dr. Charles Baldwin, head of the institute had nothing to do with it.

This left the paper clew—the tracing of the paper in which the bombs were wrapped from the time it left the factory of De Jonge and Company here, where it was manufactured. Detectives are working on this.

COOK RETURNS TO PLAINFIELD FROM OVERSEAS

Birney Cook, Plainfield, son of Mr. and Mrs. Everett Cook has been discharged and returned to his home from Camp Sherman.

Cook was a member of Co. A, 166 Infantry, 42 (Rainbow) division and landed at New York with the Rainbow division which came over on the Leviathan.

Cook was a member of the Columbus contingent to the Rainbow division enlisting in that city.

He has received his honorable discharge and will again make his home with his parents at Plainfield.

MEN ON RHINE AWAIT RELIEF

A clipping from a newspaper printed with the army of occupation in Germany sent back by Wilmer Norris, with the 308th engineers tells how glad the boys along the Rhine will be to welcome the 50,000 volunteers who are to take their places.

Phrases such as, "Now is your chance to change a silver chevron for a gold," and "Even after July 1 there's no chance of the Rhineland going dry," are contained in the clipping.

It also says that the German "Madchens" dote on boys in O. D. and ends in the appeal for the boys to respond to the call and change their dollars into mark pieces, saying that they go farther.

MOVING NOTE

Mr. and Mrs. Carl Siegrist, Fourth-st, moved to their new home on Elm-st Friday.

MAX HARDEN, EDITOR, SAYS GERMAN PEACE DELEGATES ARE UNFIT

German Press Is Deceiving People Worse Now Than During The War, With Result That Popular Sentiment Is Opposed To Accepting Terms Of Treaty.

BERLIN, May 3.—Germany, to save herself from destruction, must sign any peace terms the allies offer her, Maximilian Harden, editor of Die Zukunft and the most outspoken German of prominence, told the United Press today.

Harden expressed fear, however, that the propaganda already disseminated by the German government may influence the people to refuse ratification of the treaty, even if the delegates finally counsel its acceptance.

"The German peace delegates are the worst that could possibly have been chosen," said Harden. "Herr Schuecking is the only pacifist among them, and even he was a member of the jury which recently declared the murder of Captain Fryatt justified."

(Fryatt, commander of a British merchant steamer, was executed because he is alleged to have attempted to ram a u-boat.)

The delegates have made their position more difficult by influencing the people thru the press to oppose the allied peace terms. It is doubtful if a plebescite could now result in acceptance of the treaty, since the press is deceiving the people worse than it did during the war.

"The same Germans who condemned the 14 points as over harsh and impossible, when President Wilson first announced them, are now intentionally twisting them about to make them easy. The 14 points are not easy; they are hard. President Wilson did not intend them otherwise. I told the German people when they were first enunciated that they were the best we could get, and that we had better accept them. The press now roars about violation of the points because the peace terms are hard.

"If the treaty is not accepted, then the government will have thrown Germany into renewed and lasting suffering."

SCOTT WRIGHT BADLY INJURED BY ANGRY BULL

W. Scott Wright was badly injured Friday when he was attacked by a red Shorthorn bull in the barnyard at his home two miles east of Tunnel Hill. The ferocious animal got Mr. Wright down and gored and trampled him to such an extent that his ribs were fractured. Fortunately the bull fell clear over him and gave him an opportunity to get up and scramble over the barnyard fence. The exact extent of his injuries could not be determined but it is thot the worst injury is in the region of his heart.

Mr. Wright, who is about 47 years of age, was putting the cattle out in the field when the bull bore down upon him. The fact that it was without horns probably saved his life.

TOMORROW IS EMPLOYMENT SUNDAY IN U. S.

Sunday, May 4, has been designated "Employment Sunday" by Secretary of Labor Wilson to assist the U. S. employment service and co-operating agencies, in finding jobs for returning soldiers, sailors and war workers. All church denominations have pledged, thru their national bodies, to co-operate by appropriate church exercises and recognition.

The industries of Coshocton are absorbing the returning soldiers who left their employ to enter the service, just as rapidly as they come home; but there are many returning soldiers who are not so situated and it is to these especially, that the helping hand of the community should be extended.

Our obligation to the men of our army and navy will not be fulfilled until they are all back home and readjusted in a normal environment. The churches of Coshocton will give consideration to the "Employment Sunday" idea in their services and every one should give a helping hand.

Since the closing of the U. S. employment office in Coshocton, the home service committee, of the local Red Cross chapter, has been designated by the U. S. department of labor to assume this responsibility in this community. The Red Cross believes that it is better, when possible, to find employment for these returned men in their home communities and solicits the co-operation of all right influences in this effort.

Employers of labor are asked to file with the Red Cross office their needs that suitable men may be put in touch with these opportunities.

The "Employment Sunday" idea is to bring forcibly to the attention of the people of every community the obligation resting upon them and the duty of everyone to give a word of encouragement and a helping hand to the movement.

BEARERS OF FALSE WITNESS EXPOSED

How newspapers sometimes are victimized and the public hoaxed by scoundrels who stop at nothing to gain their personal ends is shown in the film "Infatuation" at the Pastime theater Friday and Saturday of this week. Exaggeration in reporting an accident by an unscrupulous "friend" of the reporter leads to serious complications in the plot, for which the newspaper is blamed. The play carries a valuable lesson to those who break the state law and furnish false reports for publication.

FIRST RAINBOW MEN READY FOR FINAL JOURNEY

CAMP DEVENS, May 3.—The first contingent of the Rainbow division now here awaiting distribution to various camps thruout the country for final discharge, including the 149th, 150th and 151st machine gun battalions, is scheduled to leave within the next 48 hours, providing transportation facilities are available.

Men from more than 46 states, are enrolled in two units—the 149th machine gun battalion (originally Pennsylvania national guardsmen) and the 150th machine gun battalion (Wisconsin men).

Road Contract To Be Awarded Monday

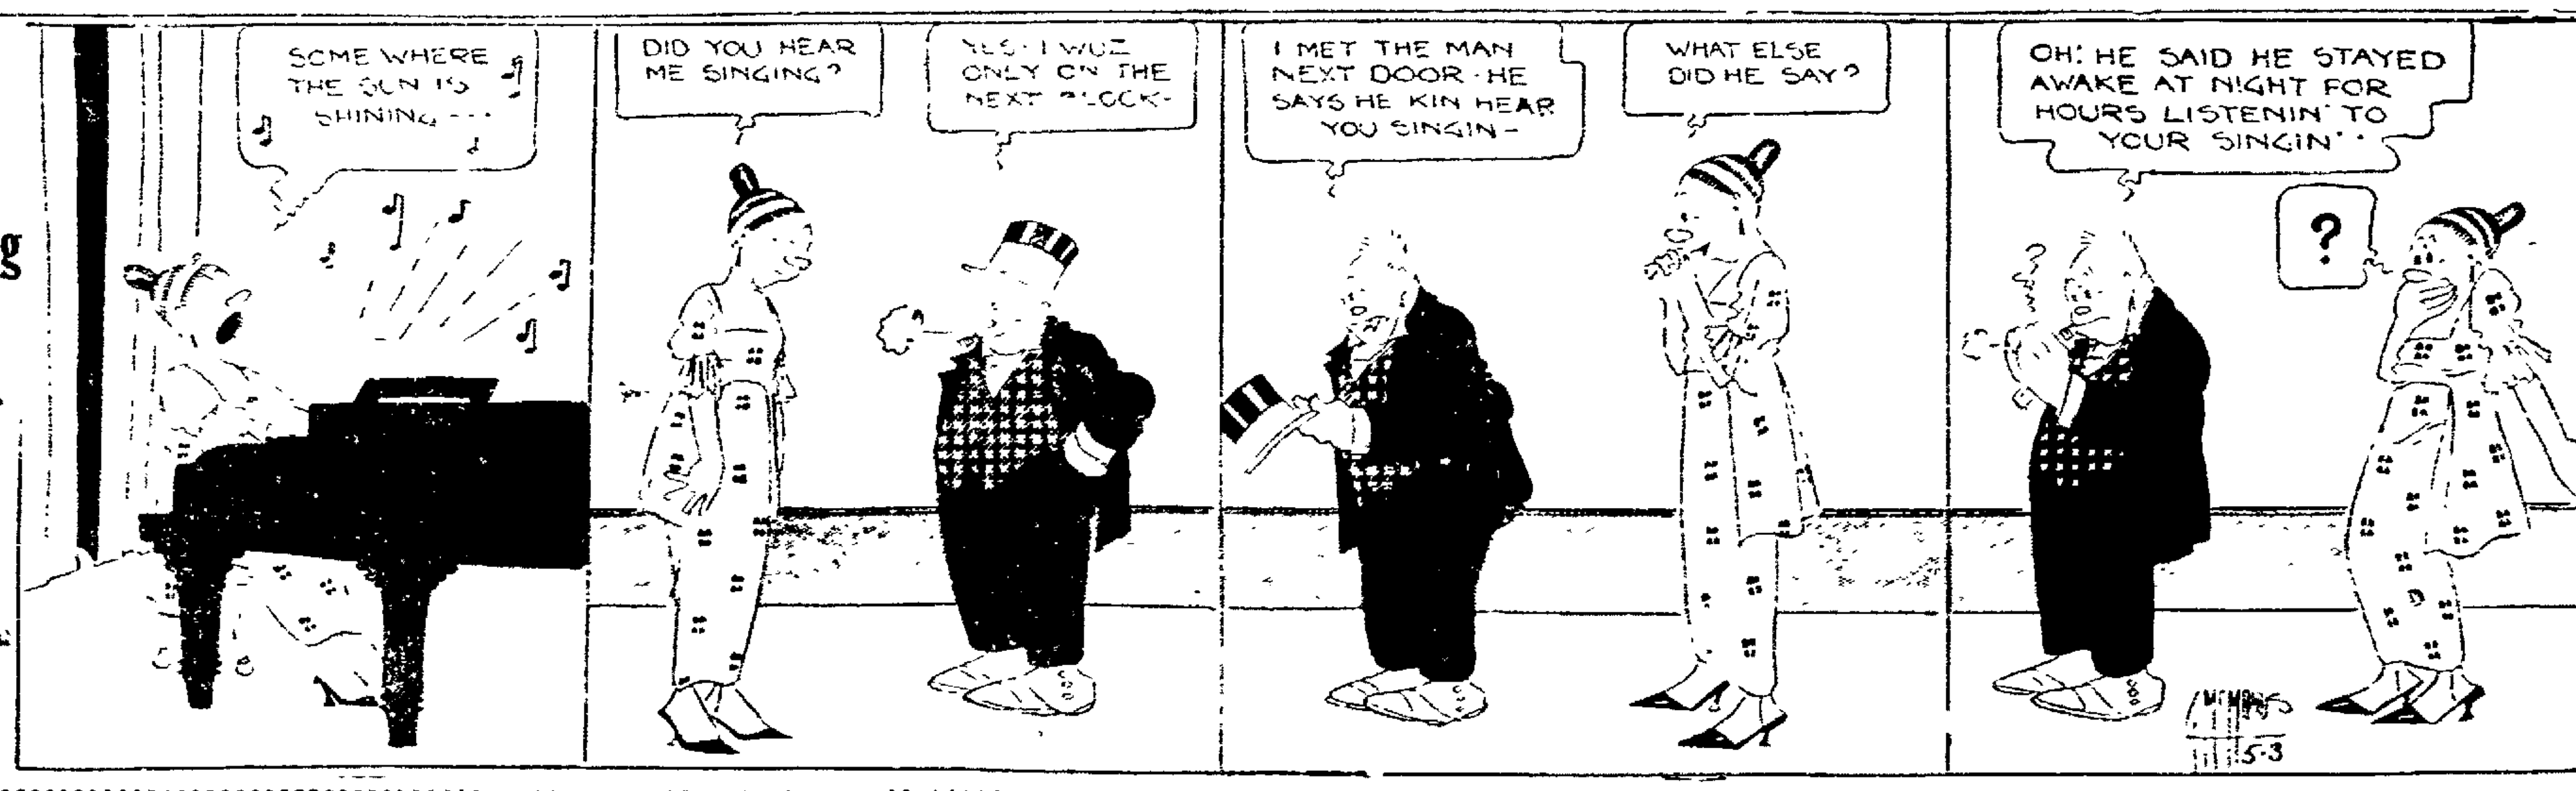

The county commissioners are to decide at 10:00 o'clock Monday morning whether the contract for the improvement of the Coshocton-Tyndal road is to be awarded to Henderson Bros. or John Hall, the decision hinging upon what kind of material is to be used. Hall is low bidder on brick; Henderson is low bidder on concrete. The state highway department leaves it to the county commissioners to decide what kind of material is used, so long as the type of road meets the state requirements.

NOT BAKER'S HELMET

Use of the wrong preposition in connection with the account of the Boy Scouts working for a German helmet entirely changed the sense of the article, which said that the helmet would be presented by R. Q. Baker. It is presented thru Mr. Baker by the U. S. treasury department. Mr. Baker is chairman of the county liberty loan committee.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil, you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

WOMEN! DRY CLEAN THINGS AT HOME

Try it! For a few cents you can dry clean everything.

Save five to ten dollars quickly by dry cleaning everything in the home with gasoline that will be ruined by soap and water—suits coats, waists silks, laces, gloves, shoes furs draperies, rugs—everything!

Place a gallon or more of gasoline in a dishpan or washboiler, then put in the things to be dry cleaned then wash them with Solvite soap. Shortly everything comes out looking like new. Nothing fades, shrinks, or wrinkles. Do not attempt to dry clean without Solvite soap. This gasoline soap is the secret of all dry cleaning.

A package of Solvite soap containing directions for home dry cleaning costs little at any drug store. Dry clean outdoors or away from flame.

AKRON MAYOR TRIES FLIGHT IN AIRPLANE

AKRON O., May 3.—Mayor J. S. Myers and City Manager Zeisloft in specied Akron from the skies this morning. They went aloft as passengers in two commercial airplanes which made the trip from Wabash Ind., to this city Thursday. "It's a grand sensation and I'd like to do it again" said the mayor as he stepped from the plane in Firestone park after being in the air 20 minutes.

NEGRO HANGED BODY RIDDLED

WARRINGTON, Ga., May 3.—Bonny Richards, negro farmer, who shot his divorced wife and wounded her sister and four white men, was captured by a posse today in a swamp near here. He was immediately hanged and his body was riddled with bullets.

The negro's body was then brought here and burned in the presence of two people.

Mexican Arrested On A Conspiracy Charge

NEW YORK, May 3.—A sequel to recent extraordinary moves of the late Mexican General Aurelio Blanquet, was to be enacted here today. Robert Lansing, former secretary to Blanquet, was to be hailed before United States Commissioner Samuel Hitchcock, charged with conspiring against the Mexican government on U. S. territory.

Galvan was arrested on a complaint based on an indictment returned against him, and a score of others by the federal grand jury at Laredo Tex. The specific charge is that he handed a message to an American citizen, also indicted, to be delivered to General Blanquet in Mexico.

SMARTNESS LIES IN CLEVER VEST

This gown which will catch the eye and hold it for more than a fleeting glance was built especially for the "divinely" tall beauties one sees on the avenues and boulevards. It is fashioned of black satin but the secret of its smartness seems to lie in the cleverly designed vest of cream lace and georgette over pink satin.

GRACE CHURCH TO HONOR 127 YANKS SUNDAY

A big patriotic service in honor of the service men of the Grace M. E. church will be held at the church next Sunday evening at which time the tablet containing the names of the men who saw service with the flag during the world war will be unveiled.

It is planned to have every man who saw service and is a member of the M. E. church present at the ceremony and a roll call will be made. The names of six men who gave their lives in the service of their country will also be called after which taps will be blown in their honor.

The six are Ralph Courtright, Joseph Graham, Harry Wagstaff, Joseph Martier, Byron Fortune and Harvey Davis.

The tablet which will be unveiled and consecrated is now on display in the window of the Warner Arnold drug store, Main-st.

A short address will be made by the Rev. J. I. Wean, pastor of the church after which the program and unveiling of the tablet will be carried out.

All returned soldiers and friends are invited to attend, and the general public will be welcome.

THAT DOUGHNUT GIRL

Have a Doughnut?

Over There, when shells were flying thick and exploding fast and when men were "going west" by thousands the Salvation Army workers went where they might do the most good. Straight to the hearts of the doughboys they went via the route of unselfish service and-dough nuts.

Over Here the Salvation Army lassies do not carry dishpans filled with doughnuts, but they do go into the slums with hearts filled with hope and love for the unfortunate. The limit to the results they accomplish will be set only by the result of the Salvation Army Home Service Fund for $13,000,000 which extends through the week of May 19-26.

SPRING MEDICINE

Hood's Sarsaparilla Is Needed Now As Never Before—

Because, although the war is over, its work, worry and excitement have undermined your reserve strength.

Because the coughs, colds or hard maybe severer illness have broken down your power of resistance.

Because Winter's work and close confinement have worn-out your stomach and exhausted your blood.

Can you afford the good long rest the doctor advises?

If not, take a course of the famous old medicine—the one that mother used to take,—Hood's Sarsaparilla. It's the finest extract of Nature's purifying, vitalizing and strength-making roots, herbs barks and berries, such as physicians prescribe, prepared by skilful pharmacists, in condensed and economical form.

If you want the best spring medicine you'll surely get Hood's Sarsaparilla. Hood's Pills help the liver.

LODGE AND THE LEAGUE COVENANT.

During the war the Military Intelligence Division developed to a high art the science of interpreting obscure and veiled messages sent by people who didn't want them understood except by the recipients. If they have a squad of experts handy, won't they put them on the task of deciding what Senator Henry Cabot Lodge means by his latest pronunciamentoes? His telegram to Dr. Brindisi supporting Italy's claim to Fiume makes the happy suggestion that the Jugo-Slavs shall be given some other "good ports" on the Adriatic, which, assuming that Mr. Lodge could create such ports by a wave of the hand, amounts to repeating the famous verdict in "Alice in Wonderland"—"All of you have won, and all shall have a prize."

The obscurity of Mr. Lodge's views on Fiume, however, is overshadowed by his inscrutable mental processes in dealing with his fellow Republicans. In conjunction with Senator Curtis he has telegraphed to all the other Republican senators urging them not to make any public statement on the new league covenant until after "there has been opportunity for a conference."

That is to say, no Republican senator is to be allowed to think for himself on the most important subject which has confronted the United States in a generation, if not in its entire history. A senator might in an unguarded moment utter a common sense ord about the league which ld be "used against" the leaders later on if they o the attempt to make po- apital for the party out of an unyielding opposition to anything which had the bad luck to come into being under Democratic auspices.

Senator Lodge appears to be suffering from a loss of memory. Surely he knows that the league covenant was amended, drastically and at several points, with the sole purpose of pleasing the Republican opponents of the scheme in this country. It was amended, as his own common sense will tell any one, beyond what the men actually on the ground in Paris wanted or believed desirable. The fact that several of the Republican criticisms were wise and useful does not in any degree excuse or palliate the present hostility of Senator Lodge to the new document.

Can it be that the party leaders—supposedly responsible and intelligent men—are still flirting ith the idea of opposing the ague in toto and trying to capre control of the nation on such platform? On what other rational theory can we interpret Senator Lodge's demand that his colleagues muzzle themselves, a demand completely out of step with the American tradition of open and honest speech? Even a fool friend of the party, jealous of its honor and eager that it shall prove its ability to hold the leadership it has now won, can only pray that the leaders will show themselves capable of appreciating their responsibility and living up to their opportunity.—Boston Globe.

THE NEXT GOVERNOR.

When a female movie star or some other type of "actress lady" sees her powers to attract the public waning she divorces her husband, rescues a bedraggled dog from a cake of ice in the river or drives her car into the lobby of some famous hotel.

No one will accuse "Ben" Hough, more properly Col. Benson W. Hough, of the 166th, of grandstanding when he was "punched" for lack of proper respect in the presence of some pin-headed regular army officer. Ben doesn't need to indulge in theatrical tricks to bolster up his popularity in Ohio just at present.

He denies that he will be a candidate for the Republican nomination for governor next year. It may be that the Republicans in Ohio will maintain their record for boneheadedness by doing as they did last year when they picked the only man in the state for their candidate who couldn't beat Cox.

But if they really want to land in the executive mansion in Columbus in 1921 they could go further and do worse than nominating the Delaware colonel for their standard bearer. He was no novice as a politician before the war started and he has an enviable soldier record.

If the swing toward the G. O. P. continues it will take some such display of Republican stupidity as was manifested in the nomination of Willis a year ago to save the governorship to the Democrats.

There is no question that Metzger of this city or any one of a half dozen other old line Republicans that could be named could have defeated the present executive by an easy 40,000 votes. It is too soon to say the same men could be successful in the 1920 election, but if Willis, as some of his friends are already declaring is to run again, then it will not be hard for the Democrats to name the next governor.

In the meantime it will be well for the politicians to keep their eyes on Hough, Cole and one or two other soldier politicians whose names will doubtless appear on the Republican primary ballots.

CONVENTIONS TO RATIFY LEAGUE HELD IN JUNE

NEW YORK, May 3.—[illegible] today that conventions for the ratification of the league covenant would be held in 35 states during the latter part of May and early June. Conventions are planned for Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, West Virginia, Ohio, Indiana, Illinois, Kansas, Iowa and Michigan, the announcement said.

PLAN RELIEF OF N. Y. FAMILIES FROM HIGH RENT

NEW YORK, May 3.—Temporary relief for hundreds of New York families made homeless by May Day court action by landlords was being planned today by the municipal committee on rent profiteering.

The offer of the 10th centenary committee of the Methodist Episcopal church to provide at least 1,000 in Methodist churches and homings of the city, is expected to lead to similar offers.

Chairman Nathan Hirsch, of the Municipal committee, stated a roof would be provided for every victim of profiteering landlords, until a special session of the state legislature can frame laws to protect tenants from extortion. Hirsch announced that the appeal to Governor Smith for the special session was rejected today as a result of the eviction yesterday.

REFUSE TO ACCEPT BOND FOR HAYWOOD

CHICAGO, May 3.—The United States district court of appeals here today refused to order acceptance of bonds for the release of William D. Haywood, I. W. W. chief now in Fort Leavenworth.

District Attorney Clyne told the court that one of the men who signed Haywood's bond had a criminal record while the other, William Bross Lloyd, wealthy Chicago Socialist, was already on bonds aggregating $140,000.

TO NAME SITE OF BOUT SOON

TOLEDO, May 3.—Tex Richard promoter of the Willard-Dempsey championship bout, announced here today that he would name the battlegrounds for the title struggle in New York either Saturday night or sometime on Sunday. Richard will leave for Cleveland early this afternoon and will continue on to New York late tonight. He declared he was pleased and satisfied with the Toledo situation and that in all probability the city would be selected, although the announcement would be made down east. Richard stated that he would ask for a 15 round bout.

whom several million Bill's left behind them, waiting patiently at home. Knitting. Watching for the postman. Conserving coals on the home fire. Eating meatless meals. Trying to be kind to other Bills in khaki for his sake. Struggling to comprehend things tommical, and—understanding a little as women will, what war really means.

I been havin a little practise in military drill myself down at the Y. W. C. A. No wonder you get balled up. If they'd leave off some of the fancy switchin thats to show off your uniform, I guess an go right after the Germans they'd save a lot of time an win the war quicker. I don't see no real fighting to it tho.

First they lines us up and told us to count off. It was a good joke on me first tramin as thats the reason all the girls went except me. You know me Bill, im signed up for the season an when I see a better lookin man than you I dont run after him im as true as blue Bill. I just went to see what it was like. Nellie was there scrambling around like an egg trying to get on the front row. She knocked me right out of line. It was disgustin. She always did run after the boys. You ought to know, Bill.

Where was I? Oh yes, they told us to 'Count off' and nobody did any thing, not knowing what to do. Then he explained that there was two commands, a preparation command and an execution command. Then he says "Right dress" an nobody did nothin again so he started explainin. He said that on the preparation command "Right" you turned your eyes an head to the right an I noticed he always managed to be up along to the right somewhere. Nellie was on the end an I bet it nearly killed her when he told her the end man kept his eyes straight to the front. She started pushing me an asking me to swap places with her an I would have if she hadnt been so anxious. Then the officer said the command of execution was "Dress" and to take up your dress and hold it. I thought that was too fresh so I left. He could say that to men but military drill wasnt maped out for ladies. I leave my pars to you Bill.

New York Day-By-Day

By O. O. McINTYRE

NEW YORK, May 3.—The Gondorfs, smoothest of confidence men used to say that the easiest pickings were in New York and if you really wanted to find what is known in their parlance as a sucker just drop around Forty Second st. and Broadway any afternoon or evening.

Alexander Pottruch, a smiling little East Side Hebrew, was in General Sessions court the other day for selling the entire New York subway system. He did not sell it to a gentleman from the hinterland with a celluloid collar and a "Fly Gum" expression. He sold it to a man who was born and raised in New York.

Pottruch by the way picked up the victim in the Times Square section. Another time a neighbor of Pottruch accompanied him to one of the highest floors of the Municipal building and there was presented to a person ago in a silk hat and encompassed in a frock coat and wearing a bright red mustache.

Conceding that he was the Mayor of the city when addressed by that title the personage admitted the building was for sale, speaking in fluent Yiddish and advising the investor who was introduced to him, that the building must be sold that day or not at all.

Later Gov. Smith, speaking also in easy Yiddish appeared upon the scene then in quick succession men who were presented as John D. Rockefeller Jr., Judge Swan, Police Commissioner Enright and Sheriff Knott, all speaking Yiddish.

A policeman strolled along and directed them not to collect so in the hall. It was the alacrity with which the putative Richard Enright obeyed the order which set the investor thinking, and that spoiled the sale. Pottruch admitted in court that he had sold the subway and when he did so the following turned in their graves.

The man who used to sell tickets to go up in the obelisk in Central Park, the man who sold Brooklyn Bridge to a farmer from Pennsylvania in 112, the man who sold City Hall to another farmer in 1897 and the man who sold the park around the Hall to the same farmer the next day, the man who sold the East River to an Australian in 1893 and the man who sold the Statue of Liberty to a Calabrian in 1917.

It is a dull season on Broadway that brings no new dramatic star flitting thru the glorious star-dust of the Gleaming White Way and by the same token it is a singularly auspicious season that uncovers a new and worth while comedian. Comedy roles, particularly of the musical type, are taken by the same men who have been appearing in them for from five to twenty years. Of a half dozen favorite American comedians—Raymond Hitchcock, De Wolf Hopper, Joseph Cawthorne, Richard Carle, Lew Fields, Sam Bernard—Hitchcock's career as a star is the shortest and it is now some sixteen seasons since he "arrived" on Broadway in "The Yankee Consul." All of which is apropos of George M. Cohan's find in his new Cohanized opera comique "The Royal Vagabond." The new comedian is Robinson Newboid. I have not seen him but the critics agree in acclaiming him the find of the season. He simply fitted into the part and then developed some amusing "business" that landed him a permanent berth on Broadway. It is hard to understand Broadway's taste for comedians. In my opinion Richard Carle is one of the funniest men on the stage. Broadway has never liked him. He plays seldom on the big lane.

The hotel detectives! A strange lot of huskies who never fail immediately to give away their occupation by their dress. I see them around the smart foyers of the Ritz, Waldorf, Majestic, Astor and St. Regis—looking as much out of place as dock-walloper at a Park av. tea. They are invariably square jawed, bull necked and wear black derbies and square toed shoes. Their watch chains are redolent of Latonia when the touts with their flowered vests and checkered suits were promiscuous nuisances. However, the hotel managers say they are indispensable and prevent many crimes.

GERMANY SEEKING AFTER-WAR DIPLOMATS

BERLIN, (By Mail.)—Finding men who can satisfy the entente capitols as ambassadors is a problem perplexing the German Foreign office. The Germans are anxious to get men who will get as favorable standing as possible with the entente nations. The question is to find Germans who are not compromised in foreign eyes, especially for England and America.

According to inside rumors from the Foreign Office, Count Bernstorff is to name his successor at Washington. There is no one in diplomatic circles who is considered entirely satisfactory. The Radical elements are hooting for Maximilian Harden, but Harden has not the confidence of the Foreign office, who say he is too blunt.

Prince Lichnowski is not a possibility, according to both the Foreign Office and the Prince too, who says he might go back to England, but cannot go so far as America where he would be out of touch with his business interests. Theodor Wolff, newspaper owner, is talked of for Paris.

Bernstorff will probably be sent to Italy, according to rumors, since Rome is the only capital that would tolerate him, it is felt in Berlin.

BOMB PLOTS MAY CAUSE STOPPING OF IMMIGRATION

WASHINGTON, May 3.—The bomb plot on the lives of public men has given impetus to the demands among congressmen for strong laws restricting radicals in this country.

Indications are that among the first measures presented in the new congress will be one stopping immigration for from one to four years. This is designed to keep out Bolshevik propagandists.

Representative Burnett, Alabama, author of such a bill in the last session, has announced his intention of re-introducing it. Burnett was one of those to whom a bomb was sent.

The report of the Overman committee which investigated Bolsherism is counted on to furnish the foundation of a number of restrictive laws. The report is expected to be presented to congress in June.

Aside from the anti-immigration bill other measures likely to be presented include.

Prohibition against carrying the red flag.

Broadening the government's powers to suppress radical newspapers.

Strengthening of the existing espionage laws.

WASHINGTON, May 2.—Approximately one third of the victory loan has been subscribed, treasury officials estimated today. Unofficial reports reaching the treasury indicated that $1,500,000,000 has been subscribed. This showing of the country is poorer than made for a similar period in either the third or fourth loans, officials said.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, rundown, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

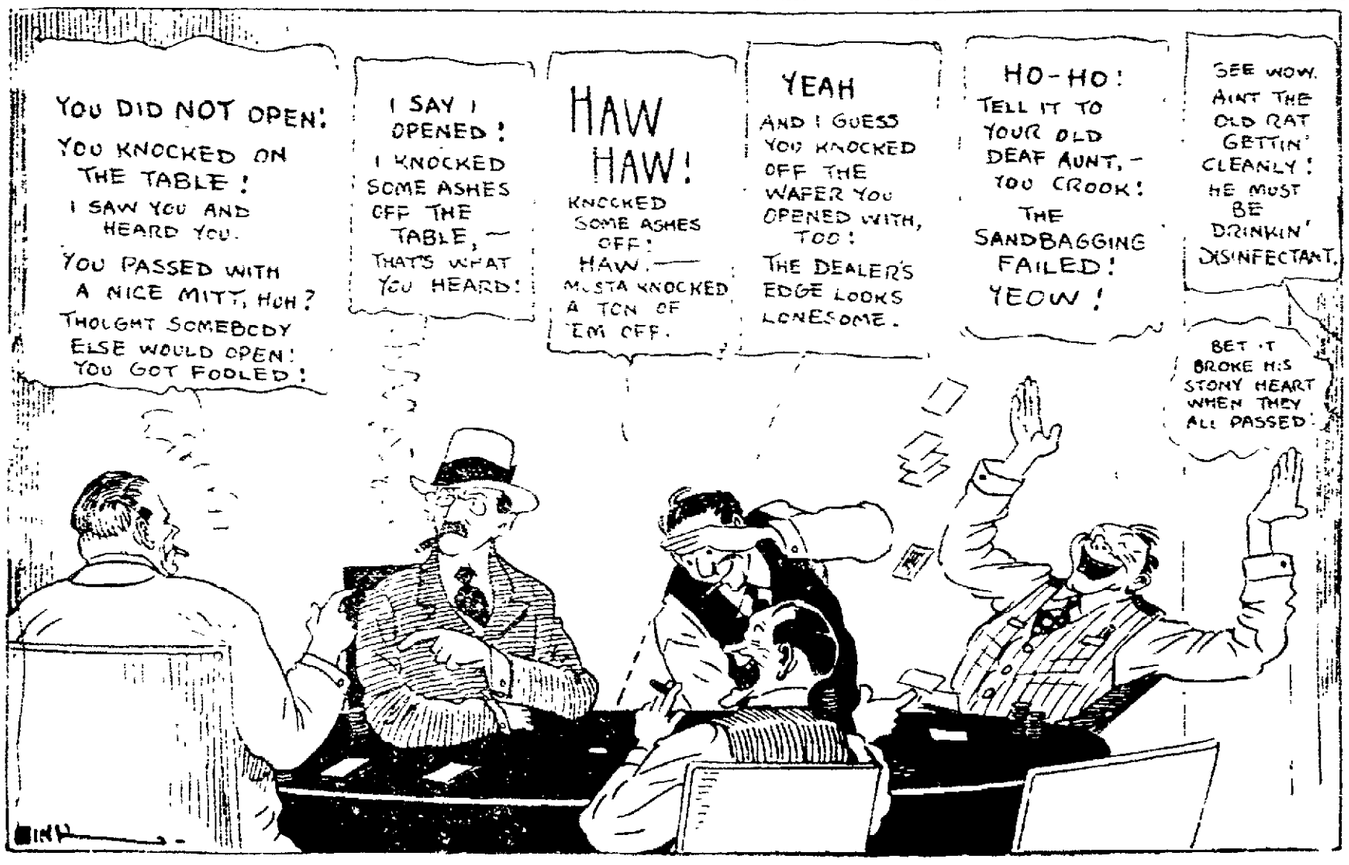

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

ENJOYING LIFE

It is good to save some plunder, save a part of all we earn, so that when we're old as thunder we may have some coin to burn. For it makes a man disgusted when he gets to eighty-nine, and he finds himself so busted that he cannot buy a shine. But to save like some blamed miser I consider vain and wrong. Blowing in some coin is wiser, for a man is dead so long. This old world's a thing of beauty, but it soon will pass away, so when we have done our duty we should go ahead and play. When we've earned our daily wages we should be for pleasure strong; for the prophets and the sages say the dead are dead so long. Let's be happy while we're living, happy in no selfish way, but a friendly handout giving to the more unlucky jay; let's do something for the heathen, make their lives one grand sweet song, and be happy while we're breathin', for we'll all be dead so long. Let's support all worthy causes, help when ills demand a cure, and be smiling Santa Clauses, when we go among the poor; let us merrily skedaddle with the transient human throng: Death is ever in the saddle, and we'll all be dead so long.

TIVERTON

Rev. I. S. Hawn received last Saturday the intelligence that his son, C. R. Hawn a practicing physician of Pittsburgh, fell from a street car and was caught by a passing automobile fracturing his skull. The pastor has left for his son's bedside.

C. R. Rahn of Glenmont was called here by the serious illness of his brother, Henry H. Rahn, who is quite low with pneumonia. His ultimate recovery is quite hopeful at this time.

J. C. Cly received word from his son Geo. Wesley Cly that he has arrived in the states, being held at Camp Merritt, N. J. on account of the scarlet fever epidemic now prevailing at Camp Sherman, where he expects his final discharge.

At the recent annual joint consistory meeting of the Glenmont charge of the Reformed church held at Logan Run, F. M. Heffelfinger was elected primarius and F. A. Fites secundus delegates to the Dayton and Apple Creek conferences of the Ohio Synod of the Reformed church.

Mrs. G. D. Scott, is splendidly recovering from a bad attack of La Grippe.

Osborne Draper, an aged citizen of this place is greatly indisposed with rheumatism.

Mr. and Mrs. Roy Patton, Tyndal, were business visitors to Coshocton Saturday.

THE SLUM ANGEL

Occasionally the broad avenues and the fine residential sections of our great cities see her. They are brighter for her passing through. But down in the slums where foul hallways, congested tenements, filthy streets and dire poverty combine to wring the finer instincts from the souls of your brothers her absence, even for a brief period, is keenly felt. The success of the Salvation Army Home Service Fund campaign, which extends through the week of May 19-26, will double the working hours of the Slum Angels and they make every minute count.

THREE NEW CLEWS IN BOMB PLOT UNCOVERED

NEW YORK, May 3.—Federal and city authorities were working on three new clews in the nationwide bomb plot. These are: First internal revenue officers, raiding the Baldwin Medical Institute, west 45th st., found two packages containing 12 bottles of high explosives, according to the labels, T. N. T., nitroglycerine, nitrate of ammonia and smokeless powder.

Second, the fancy embossed paper in which the bombs were wrapped, was identified by Louis De Jonge & Company as having been manufactured by that concern.

Third, a finger print was found on the glass container of the bomb sent to Mayor Hylan, of New York.

The packages of explosives found at the Baldwin Medical Institute were said by employes to have been left there by a chemist who travels between Boston and Philadelphia. His home was said to be in the latter city. The packages had been thru the mails. Cancelled stamps and the name of an osteopath in Jersey City were on both packages.

C. R. McLaughlin, treasurer of the De Jonge concern, said the company had been manufacturing the kind of paper in which the bombs were wrapped only a short time, but had sold large quantities in New York, Chicago, St. Louis, Philadelphia and other large cities. The company has furnished the authorities with the names of all concerns to which this paper was sold. It is of a quality usually employed in wrapping jewelry, toilet articles and the like.

Experts are now working with Police Inspector Faurot in an effort to identify the finger print found in the bomb sent to the mayor. There is said to be a possibility that the print was that of Police Inspector Dixon's fingers. The latter while examining the bomb, caught it as it slipped from his hand to the floor. If it turns out to be a print other than Dixon's it will be compared with the thousands classified by the police department.

Dr. Charles Baldwin, alias Dr. Chas. Probst, head of the Baldwin Medical Institute, went to police headquarters this afternoon for a conference with Inspector Faurot. Baldwin is now at liberty on $2000 bond, having been arrested Wednesday night for alleged violation of the Harrison drug act. It was while searching for narcotics in his laboratory that the internal revenue officers found the explosives.

"DON'T MISS IT"

Coming Marriage Of Miss Majorie Glover Announced

The marriage of Miss Majorie Glover, daughter of Mr. and Mrs. Charles J. Glover, Mansfield, and niece of Louis Glover and Mrs. P. W. Knight, this city, to Howard C. Harding, son of Mr. and Mrs. C. F. Harding, Mansfield, will be solemnized June 17. The interesting announcement was made at a cleverly planned party given by Miss Dorothy Dirwiler at her home in Mansfield.

The guests had been invited to luncheon in honor of Miss Madeline Heller, Beaver Dam, so that the announcement came as a surprise. Miss Dirwiler used the colors of the rainbow in her decorative scheme. Varicolored flowers formed an exquisite bouquet for the center of the table. From this, strands of tulle, dotted here and there with gold hearts, led to the corsage bouquet which marked each guest's place.

In the bride's corsage was buried the engagement ring, and in each of the guest's was a pretty satin heart containing a tiny envelope, on which was written "June 17" and in which were kodak pictures of Miss Glover and Mr. Harding. Candles in crystal holders lighted the scene, and there were dainty baskets filled with many colored candies at the guest's places. Covers were laid for ten.

Miss Glover has visited in Coshocton on several occasions, and enjoys a large circle of friends here.

HALLAS TAKES ON THE TURK THURS. NIGHT

Young Mahmout, the Detroit Turk who boasts he has never lost a wrestling match, will be matched with Billy Hallas Thursday night May 9. Hallas has agreed to take on the Detroiter, who weigh 150 pounds and has won the title of "Terrible Turk" by his roughness.

Hallas and the Turk are in the the same boat when it comes to scheduling matches. Neither can find many men of their weight willing to take them on. Hallas' acceptance of the Turk's challenge is a surprise to the Detroit man. The tone of his letter indicated that he was taking a long chance on getting a match in Coshocton, but Hallas is not beatable by any many of 145 pounds, and feels safe in taking on 150.

The match will be staged at the Pastime theatre Thursday night, with one or two good preliminaries.

Compromise With Braddock In Long Drawn Out Lawsuit

A journal entry has been filed in common pleas court setting forth the terms of a compromise effected by Receivers Jos. L. McDowell and Warner Hay in the Washington bank case, whereby J. N. Braddock, Knowco, one of the judgment creditors, pays $15,000 to the receivers and is released from further liability. The receivers reserve their rights against the other two judgment creditors, Amos J. Solomon and H. A. Taylor.

October 27, 1918, a judgment was rendered in favor of the receivers for $15,478.28 against Solomon, Taylor and Braddock. The receivers were unable to ascertain any property out of which the judgment could be collected except not exceeding $500 owned by Braddock, who offered to compromise for $1500 as his share of the amount due. The court allowed Pomerene & Pomerene as attorney fees for services rendered the receivers. L. C. Stillwell was Braddock's attorney. The bank case has been pending the local courts for the past eight years.

REPUBLICANS DO NOT DARE MAKE LEAGUE PARTY ISSUE

To Do So In 1920 Would Split G. O. P., Senator Hitchcock Avers

SENATE WILL RATIFY

Cites Cases Of Japan And Italy to Show How League Will Fail

WASHINGTON, May 3 — If senate Republicans attempt to make the league of nations covenant a party issue, they will split their party in 1920, Senator Hitchcock, retiring chairman of the foreign relations committee declared today.

There is no doubt, Hitchcock declared, that the senate will ratify the covenant in exactly the form in which it was adopted by the peace conference.

Hitchcock stated positively that the covenant and treaty will be considered in open sessions of the senate.

Senator Johnson, California, today issued a statement criticising the peace conference's action on the Japanese question.

After pointing out that Japan's secret treaty was recognized after Italy's had been rejected, Johnson said

"This is simply another concrete illustration of the league of nations. Debtor nations requiring aid must yield, but the powerful and threatening member of the league will obtain, by the strong arm, exactly what it demands. Here at stake is a large province of China and 40,000,000 people. Japan has pledged her word to the world at large and specifically to the United States at the time of the taking of Shantung province, to return it to China. Now under her secret agreements she demands that she may break her plighted faith and keep these lands and peoples, and a peace conference, pledged to self determination, justice to the protection of weak nations against strong forgets its pretenses and protestations and delivers into bondage millions of helpless peoples."

TWO ALLEGED FORGERS DENY THEIR GUILT

Leroy Elmer and Roy Miller, Charleston, W. Va., the two check workers arrested by Patrolman Fretague, Friday afternoon pleaded not guilty to the charge when they were arraigned before Mayor H. L. Richardson Saturday afternoon.

The two men were bound over to the common pleas court by Mayor Richardson on two forgery counts. Elmer was placed under $1000 bond under each of the counts and Miller was placed under $500 bond for each. Neither furnished bond and both were placed in the county jail to await the meeting of the September grand jury.

ONE KILLED IN BIG EXPLOSION

GREENSBORO, N. C., May 3—One unidentified man is known to have been killed in an explosion early today in the warehouse of the Texas Oil Company. The explosion set fire to the tanks, which burned fiercely.

The cause of the explosion is unknown. Its force broke windows and shook houses in the vicinity.

Escaping oil spread over the Southern Railroad tracks and bridges which burned, and traffic has been temporarily suspended.

WAR TIME EFFICIENCY HAS NOT CEASED WITH RUMBLE OF GUNS AT BATTLE FRONT

That the test of efficiency and conservation during America's war months and the lessons learned there by were not wasted is proved by an interesting number of statistics from the plant of the Ohio Service Company in this city.

This plant which furnishes power to a considerable tract of surrounding territory in addition to Coshocton has made an immense saving on the conservation of coal in their plant here by the practice of rigid economy and a neverfailing watchfulness.

In 1918 an average of 5 1-2 pounds of steam per one pound of coal was secured by the workmen at the local plant. In 1919 thus far 6 1-2 pounds of steam has been secured to one pound of coal.

The thermal efficiency at the local plant during 1918 was 5 per cent while during the first four months of 1919 they have maintained a standard of 6 1-2 per cent.

The plant not only has been producing more kilowat hours of electricity during the four months of this year for domestic use on less coal but a 15 per cent greater load has been carried on the high tension wire during the first four months of this year than in 1918.

The credit for this is largely due to the engineers at the local plant who have put in their time studying the ways and means of reducing the operating costs of the plant while producing at the same time a greater amount of power.

MILLER CLEARED OF BREAKING INTO WHEELING BOX CAR

Not guilty was the verdict of the jury at 4:20 o'clock Saturday afternoon in the case of F. F. Miller, charged with stealing whiskey from a Wheeling & Lake Erie freight car here last December. The jury deliberated about 20 minutes. C. C. Miller, Jackson tp, was foreman.

The verdict of not guilty was largely due to the fact that the evidence was insufficient to prove that the whiskey was in the car at the time the car arrived at Coshocton or that the whiskey was ever in Coshocton-co. The car had been on the road several days en route from Massillon to Coshocton.

COUNTY WOOL GROWERS TALK ON MARKETING

No Decision Is Reached At Meeting Here Of F. P. U. Saturday

BUYER SUBMITS PLAN

The problem of grading wool in a manner fair to the farmer and to the merchant of Coshocton co was discussed at the meeting of the Farmer's Progressive Union held at the city hall Saturday morning at 11 o'clock.

There were comparatively few farmers present at the meeting, the majority of them being occupied with their spring work.

Allen Marshall, Coshocton Route 6 presided at the meeting. A number of talks by farmers on the question whether the farmers benefit most by shipping wool direct to eastern markets than the local dealers or to The Ohio Wool Growers association were made.

The question of several farmers was raised of the shipping of wool to the Columbus association as a commission of 5 percent is charged for all handled [illegible].

The establishment of a wool house [illegible] as a central shipping point for the farmers of the county was also discussed but nothing definite decided.

A proposition by E. Lorenz local wool merchant was heard by the meeting in which he proposed to gather and [illegible] a committee of 4 persons [illegible] between him and the manufacturer or wool house [illegible] grading the wool paying [illegible] four percent [illegible] Several of [illegible] favorably of the [illegible].

TROTSKY IN FOREIGN LANGUAGE PAPERS OF U.S. COUNSELS REVOLT

Government Officiels Declare May Day Bomb Plot Is Perhaps First Of Series Of Red Crimes To Follow.

WASHINGTON, May 3.—Efforts are being made to use foreign language publications with a circulation of over 5,000,000 in the nation wide "red" propaganda for Bolshevist converts, according to information reported by one government department today.

Included in this propaganda is a message to the American proletariat written by Leon Trotsky of the Russian Bolshevik government. This message is called the A. B. C. of American Bolshevism and explains how to organize for and stage a revolution. Most of the periodicals being used as mediums for distribution are established in cities with cosmopolitan populations. Overthrow of the existing government is generally urged, it is said.

The propaganda is being carefully read, clipped and filed by a special bureau of the government.

Indicating the May Day 'red' disturbances may be only one of many skirmishes to follow officials here cited the counsel of Trotsky which has been widely distributed and in which he said: "The proletariat must not only conduct a revolutionary propaganda ... it must move towards a revolution. This he adds, "does not necessarily mean to fix a date for an insurrection and prepare a day." Places must be selected, he says, for arming and inspiring the masses and there must be a series of "maneuvers." He then says "at what time mere maneuvers would turn into a real battle depends upon the volume and revolutionary compactness of the masses, upon the atmosphere of popular sympathy which surrounds them and upon the attitude of the troops which the government moves against the people."

PLANS PAGEANT FOR METHODISTS

Dr. James E. Crowther

To show in striking, dramatic manner that the present world unrest merely repeats chapters in history is the purpose of a stately, inspiring pageant which has been arranged by Dr. James E. SUBSCRIPTIONS REACH $804,200 MARK SATURDAY

Campaign Will Continue One More Week, As Several Townships Have Not Yet Reached Goal—City Far Beyond Quota

COUNTY SATURDAY IS $56,850 OVER ITS QUOTA

Coshocton co has once more covered herself with glory in lending financial aid to Uncle Sam.

"We're over the top" were the joyful words given out at Liberty Loan headquarters Saturday evening. The county has oversubscribed its quota of $747,350 by more than $56,850.

Oxford tp reached its quota Saturday afternoon close upon the heels of Clark tp, which had taken 8th place in the honor list. Bond sales also took a big jump in Adams tp, Washington tp and the City of Coshocton Saturday.

That shrewd business judgment, as well as patriotism and prosperity, prevails in this county is shown by the fact that the goal has been reached in two-thirds of the alloted time, while in the nation at large the half way point has not been reached in the Victory campaign.

From the very outset of the campaign two weeks ago, the people of this community seemed thoroly impregnated with the slogan "Let's Finish the Job" and they went to it with might and main. Seasoned by former campaigns, practically the same organization as had put the former loans across in this county, went into the drive with methodical precision and there was never any occasion for doubting the ultimate result. The women gave splendid service and too much cannot be said in praise of their work.

There is every reason to believe that the rest of the country will come up to the mark before the campaign closes next Saturday night, altho in some states there has been a discouraging lack of vigor in the final campaign.

WHAT ARE YOUR CATTLE WORTH?

$20.50 Or $5.50 Per Hundred?

Below we give the classes of cattle that are received on the Chicago market. The highest grade sold for $20.50 per hundred and the lowest grade sold for $5.50. Which grade are you producing? What makes the low grade? Scrub sires, poor care and feeding. What makes higher grades? good pure bred registered sires, good care and feeding.

Principal Market Types of Best Cattle

Prime heavies. Two years and up, not often under 2 years. Weigh 1250 to 1500 lbs. Can get all of the best or prime cuts from them.

Medium Natives - Bullocks weighing from 950 to 1400 lbs. (Generally run from 950 to 1200 lbs.) These usually come in the class of cattle fed in the neighborhood of 90 to 100 days.

Fair—Cattle that carry a fair amount of flesh and have had some grain and showing a general covering of fat weigh generally from 800 to 1100 or 1150 lbs., altho their flesh and fat are more of an item than the actual weight.

Common - Cattle that have not been cared for. Have had no special feed and have lived on whatever they could get.

Canners. Just thin cows with a certain amount of age. Some thin, light steers from the southwest -Texas, Oklahoma, and Arkansas used also, but generally cows.

Grass fed. Graded as "westerns" good, medium, and fair. They do not have quite the conformation that the native cattle have and the meat is coarser, due to the immense amount of exercise they get.

Bulls In a Class to themselves. Used for Bologna and other sausages and for some special trade, such as lumber camps, etc.

Good Varieties Of Oats.

Oats for the southern part of the state should mature early according to crops specialists. Among varieties adapted to this section are Sixty Day, Big Four, Silver Mine, Ohio 7009, and Ohio 5500. For the northern half, a larger oat may be grown such as the Siberian, American Banner, Swedish Select and Twentieth Century, Improved American, Ohio 6222, Ohio 6203, Ohio 5453, and Ohio 5022. The names of varieties with numerals are of pedigreed strains that were developed at the Ohio Agricultural Experiment Station.

Wheat Marketing Regulations Explained.

The federal government is likely to buy wheat this year entirely on basis grade. Fifteen public conferences will be conducted in Ohio the next few weeks to explain to the farmers, elevator men, millers and others the methods of grading wheat so that the crop may be graded in a satisfactory manner. The meetings are conducted and arranged by Farm Bureaus in cooperation with the College of Agriculture and the grain buying organizations.

The conference for this section will be held at Zanesville June ——. The program will start at 9:30 a. m. and last until 4:00 p. m. Local farmers and grain dealers will have charge of the program. Representatives will also be present from the department of Farm Crops of the Ohio State university and the state and federal market bureaus.

At 1:15 p. m. a demonstration in grading of wheat will be given including

(1) Moisture testing
(2) Sampling and determining dockage
(3) Testing for weight per bushel
(4) Determining foreign matter.
(5) Classes of wheat
(6) Heat and other damage.
(7) Grading oats

Two representatives from each township and all dealers and millmen are eligible to attend this demonstration. The Farm Bureau will name its representatives in the near future.

Community Breeding Develops Better Cattle, Puts "Scrub" Sires in Discard

There is no advantage gained by keeping three or four breeds of beef cattle in the same community, except the satisfaction of personal preferences, but there are many advantages to be derived from keeping one and the same breed in the same community.

Probably the most important reason why the same breed of cattle should be kept in one community is that it develops community interest. Community breeding is certain to be a sympathetic tie binding the people together in the accomplishment of anything they desire. Community breeding work is worth much in the improvement of any country community. It [illegible] efficiency in the care of rearing of animals.

Brings Big Results.

Community breeding is a very simple thing, but the value which it will be to the community is tremendous. There are many instances on record which are proof of its advantages. Wisconsin has a large number of community breeding associations, the strongest of these being the Waukesha County Guernsey Breeding Association organized in 1908 to promote the breeding and improvement of high-grade and pure bred Guernsey cattle. Altho only organized 12 years ago this county is already known as the "Guernsey Capital of America," and buyers for carload lots of grade or pure bred cows are attracted there all over the county.

New Hampshire has many such breeders' associations in operation. Minnesota also has a large number. One of these at Northfield, Minnesota, a Holstein association includes 225 herds and upward of 4000 Holstein cattle, pure bred and grades.

West Virginia has organized many such associations. Ritchie co especially attracted wide attention for the reason the "scrub" bull has been eliminated and the Hereford adopted and developed as the principal breed. More than 150 "scrub" bulls have been shipped out of the county during the past three years, and pure breds have taken their places, eliminating the "scrub" entirely. Many small herds have been started as a result of this movement. Buyers are attracted to this county without advertising, and they are unable to meet the demands for good breeding and stock cattle.

More Associations Needed.

"Are there not more communities in every county which would be richer for having community breeders' associations?" True there are many pure bred sires used, but the need of more inspiration instilled into the beef cattle business is apparent, such inspiration as is gotten from organization and cooperation, from getting together shoulder to shoulder, and from rubbing of elbows."

What Community Breeding Is.

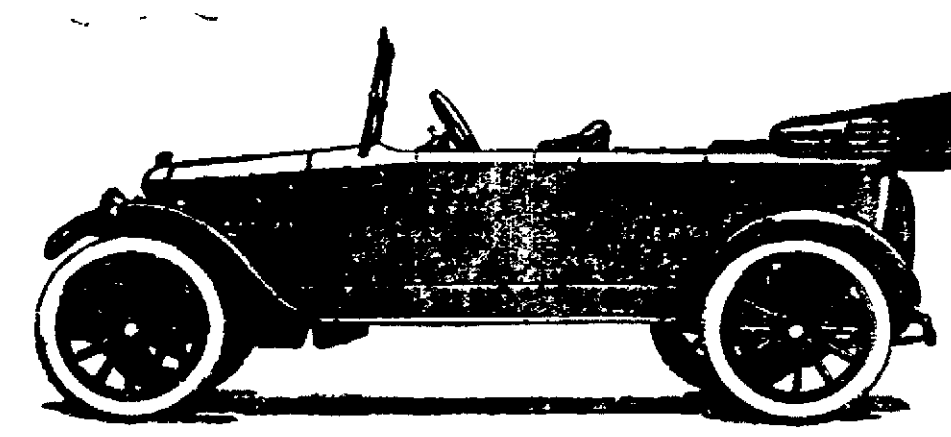

Community breeding simply means that the farmers in a certain community agree to do two things.

First, to breed but one breed of cattle, sheep, or hogs.

Second they agree to use none but pure bred sires, these sires being owned either [illegible] [illegible] [illegible].

Everyone is also [illegible] [illegible] do as he pleases just so long as he sticks to one class of stock and uses a pure bred sire. These ideas can best be carried out if the farmers are organized in a body and get together at stated periods.

The Farm Bureau will be glad to furnish you plans for an association in your community. The greatest obstacle in the way of livestock improvement is the scrub sire. Why not eliminate him.

Maxwell

—a car having every luxury except one

THAT luxury is brutish bigness, which means weight, which means a large gasoline tank and filled often, and large tires, and several sets a year.

Maxwell is neither a big car nor a small car. The biggest car made is less than 4 feet longer, and costs around $10,000 to buy and $5,000 a year to run.

Most cars are just a foot or a few inches longer.

And others are some smaller—shorter, lighter, less roomy, and hence lack the luxury of a Maxwell.

Nor do they cost, on the average, less to run.

Gas mileage is very nearly the same. Tire mileage is very nearly the same.

But where Maxwell earned its crowning reputation has been in its ability to run and run and never quit.

That means repair bills are amazingly low.

You therefore never get mad at a Maxwell—it's the best friend your pocketbook has. And when you stop to think of all those little points of luxury in a Maxwell you're almost sure to whip out your check book and write a check for one.

The 300,000-all-alike idea behind the Maxwell thus, you see, is sound.

WATSON TALKS ON "TAXATION" AT CITY HALL

About 50 farmers and members of the Farmers' Progressive Union of Coshocton co were present at the meeting held at the council chamber of the city hall Saturday afternoon and heard Harvey Watson, New Concord, make an address on the subject of classification of property for taxation.

Mr. Watson divided his subject into three parts each one of which he discussed separately, leading up to the final disposition of the taxing problem which he declared was single tax.

The three divisions made by Mr. Watson were classification, uniformity and the single tax.

In speaking of the classification of property Mr. Watson declared that property would be divided into three different classes, real estate, tangible personal property and intangible personal property. Each of these he said would be assigned a rate and as there was no uniformity provided for and no like valuation one rate must necessarily be higher than another.

Taking up the first of these, real estate, represented by the farms and homes of Coshocton co residents Watson declared that upon it would fall the burden of the high tax rate and in the end the entire amount.

Watson declared that the single taxers were making the statement that the present system of taxation was undermining the Christian religion.

"Do they mean to tell me that instead of walking up to the treasurer and declaring themselves they are going before St. Peter with unclean hands?" asked Mr. Watson.

Once you start the classification of property for taxing purposes where are you going to stop? A single tax on the land and homes of the country will be the result. It is the only result possible.

Home rule in taxation means the single tax. If any city is given the right of fixing its own tax rate it will fix it to its own advantage at the expense of its neighbors. For instance, Cincinnati has a tax law which allows the people to exempt all moneys deposited in her banks. The residents of the state of Ohio will naturally flock to Cincinnati and deposit their money to escape the tax.

Mr. Watson made an earnest appeal to the farmers present to organize themselves to fight classification.

He made a prophecy in which he stated that unless decisive action is now taken by those opposed to the amendment and an organization to fight it is effected it will pass at the next general election in November.

It would have been passed on May 2 had it not been for a little band of devoted workers at Columbus who organized themselves and fought it so bitterly that they were forced to carry it over to the November election and give the farmers, now busily engaged in their spring work, a chance to express their approval or disapproval of the measure.

Attacking the Warren tax law, Mr. Watson declared that it is a direct infringement of the rights of the people in that it prevents the enforcement of a law made for the purpose of giving the tax commissioners or the county auditor a right to summon any bank to deliver up its list of depositors and thus become a friend of the tax dodger.

Concluding his address Mr. Watson stated that the safety of any nation lies in its homes and that classification is a home destroyer in that it encourages farm tenants.

Mr. Watson was introduced to the meeting by Allen Marshall, Coshocton Route 6, who is also a bitter opponent of the classification amendment.

VICTORY LOAN SUBSCRIPTIONS BELOW NORMAL

WASHINGTON, May 3.—America will have to subscribe $500,000,000 per day if the minimum quota of the victory loan is obtained by May 10.

This was the job that faced Victory loan campaigners today.

Treasury officials reported that the subscription at 11 o'clock today totalled only $1,575,000,000. The treasury department renewed its appeal to all loan organizations to push their campaigning to the limit. House to house canvasses were urged for the remaining week of the drive.

Only one district showed an overnight gain regarded by treasury officials as satisfactory. Philadelphia increased her total subscriptions by $14,000,000 in the last 24 hours. This is the record gain for one day in the campaign.

NEW ARMY MEN SAIL SATURDAY

NEW YORK, May 3—The first units of the new American army of occupation will sail for France next Tuesday on the transport Agamemnon, it was announced today at the port of embarkation in Hoboken.

One thousand soldiers recruited by voluntary enlistment in the last few weeks make up the first detachment to go across. They will relieve drafted men now in France and Germany and make it possible to expedite the homeward movement of men who were taken by the draft or who enlisted for the duration of the war.

VERMONT BRINGS YANKS TO STATES

NEWPORT NEWS, VA., May 3.—Bringing 22 officers and 528 men of the 53rd pioneer infantry, casual company 827, company E, and F, of the 114th engineers, 13 casual officers and eight civilians, making a total of about 1200 officers and men, the battleship Vermont arrived this morning from Brest.

COMMISSION PLANES

NEW YORK, May 3.—The three seaplanes in which American aviators will attempt to cross the Atlantic, were formally commissoined at the Far Rockaway naval air station today.

AIRPLANE DELIVERS GROCERIES

ATLANTIC CITY, N. J., May 3.—Just how your groceries and mail will be delivered in the future was demonstrated here today by Lieut. Jean Ors, French aviator.

Ors, as one of the features of the pan-American aeronautical convention flew about the field dropping packages attached to miniature parachutes. These parachutes, which are intended for commercial usage, showed the possibility of depositing a bottle of milk or a package of eggs at a given point with a minimum danger of breaking.

FOR YOUNG AMERICA TO READ.

The greatest asset in the world is a wholesome imagination. An overwrought, abnormal imagination with no practicality back of it is only productive of that worthless type known as the visionary.

The man with no imagination, but possessod only of stubborn determination to "make a success," meaning thereby that he will amass millions, generally achieves his purpose, but along with it loses the respect of his fellowmen and is quite as useless in the world as the ridiculed and despised visionary.

But occasionally nature equips a man with both bulldog grit and wholesome imagination. And when she does the whole world is the gainer. For the really great men in finance, as well as the great men in the realms of literature and art, are dreamers. They see visions, but they are not visionary. They dream dreams, but are not dreamers.

The marvelous career of Frank W. Woolworth, the man of ten-cent store fame is a case in point. He died a couple of weeks ago and every American schoolboy should be told the story of his life.

It is not that he died worth many millions of dollars that his memory should be an inspiration to the young, but because he was a type of those Americans who are kings in their own right. He became great because he ACHIEVED. He earned his niche in the Temple of Fame thru MERIT and ACHIEVEMENT.

Dr. Frank Crane well says of him that it isn't "because of the Money he accumulated that we honor him: it is because he DID THINGS; he was a CREATOR, a MAKER. In him also was the unconquerable Flame."

As a boy young Woolworth was a dreamer. He plodded along and showed only mediocre ability. But he kept on dreaming—and working. Always he dreamed, dreamed of new methods in merchandising; dreamed of doing things differently; dreamed of success, not for the sake of dollars, not for the sake of cheap and tawdry fame, but for the sake of ACHIEVEMENT.

But always he worked and as he worked he dreamed. For newspaper purposes Dr. Crane has briefly reviewed his life which he advises our young men to read when they become discouraged. Here is Dr. Crane's estimate of this remarkable man:

"Born April 13, 1852, he spent his early years as a farm boy in dire poverty.

At sixteen he had finished his schooling, consisting of attendance at public school at odd times and two sessions at business college. Then he had to go back to the farm.

At twenty-one, a lanky, awkward country boy, he found a man in Watertown, N. Y., who was willing to employ him in a store, at no salary, only experience. He was not a brilliant success: he did not seem to be able to sell goods, he received no encouragement from the great men of the town. But he hung on like a bulldog and refused to call himself a failure.

At twenty-three he was getting $6 a week, and his employer did not think he was worth it. But he hung on.

At twenty-six he was receiving $8 a week at the job of dressing the store.

At twenty-seven he opened his five and ten cent store in Utica on $300 borrowed capital. It failed.

The same year he opened a similar store at Lancaster, Pa. This was a success. Moral: If you can't make it go in one place, try another.

At twenty-eight he tried his idea in Scranton, Pa. It was profitable from the start.

At twenty-nine he tried Philadelphia, lost $350 in sixty days, and quit.

At thirty he established a store in Reading, Pa., which was successful. Then followed enterprises in various other towns.

At thirty-four he invaded New York City. He rented a little room at 104 Chambers street for $25 a month, employed no stenographer or bookkeeper, did all the work himself, and devoted much energy to arranging the display of goods.

At thirty-six he opened five more stores in as many towns.

At forty-three he instituted his first huge store. It was in Brooklyn and was his greatest success up to this time. The same year he began in Washington and Philadelphia.

At forty-four—stores opened in New York and Boston.

At fifty-two—Chicago.

At fifty-three he incorporated for ten million dollars and began "consolidating" all the five and ten cent stores he could reach.

At sixty he combined some 611 stores into the F. W. Woolworth Company, and the sales the first year were over $60,000,000.

So the green country boy met and mastered the wild beasts of failure, and became one of the outstanding figures of his country.

He built the most beautiful building in America, a noble and inspiring temple of achievement, the only business building in the world that has the majesty of the cathedral.

And all this wealth of his was built up from nickels and dimes. He saw the vast dynamic of multitudes.

He had Vision, Courage and Faith.

And the God-blessed element of it all is that to any boy in America that wants to do likewise—THE DOORS ARE ALL OPEN."

FAMOUS DANCER WEDDED AT NEW YORK SATURDAY

NEW YORK, May 3. Mrs. Irene Castle, famous dancer and film star, and Captain Robert Treman of Ithaca, N. Y., were married shortly after noon today at the Little Church Around The Corner.

The ceremony was performed by the Rev. Dr. Houghton, rector of the famous Little Church Around The Corner, down town in New York. The widow of Vernon Castle, who died a hero's death a little more than a year ago when he fell in an airplane in Texas, had consistently denied that she was to wed, even after friends who had received invitations to attend the ceremony corroborated the rumors. No later than yesterday she refused to confirm the report.

The couple went to the marriage license bureau here shortly before noon, where they obtained their permit to wed, and were driven immediately to the Church, where they were married in the presence of a few friends and relatives.

The announcement of the marriage came from the Lasky Feature Film Corporation, after the ceremony had been performed and the couple had left the church. Mrs. Castle it was announced at the same time, will continue her work in the films under the name of Irene Castle.

The couple will leave at 9:30 tonight for Loon Lake, in the Adirondacks. Mrs. Castle will be "on location" there for the Lasky Company, doing some exteriors for "The Firing Line," a picture which she has been in the making for several weeks. They will take their honeymoon during the stay of the company in the mountains and expect to return to New York about the end of next week. Mrs. Castle, it was stated, will make her home in Ithaca, which is the home of the bridegroom, and in New York will live at the Ritz Hotel, giving up her home on Lexington-ave., where she lived with her former husband.

Mrs. Castle and Captain Treman were attended at the wedding by life long friends. The bridesmaid was Mrs. Clement Amory of New York City, and the best man was Sherman Peer, of Ithaca, a classmate of Captain Treman when they attended Cornell University. The ushers were E. L. Sprague and John M. Gunther, of New York, and Lewis Henery of Elmira. Philip Boyer, a broker, gave the bride away. Mrs. Castle was dressed in a grey charmeuse satin dress and wore a large gray picture hat.

The secrecy Mrs. Castle and Captain Treman had striven for was brushed aside by friends when practically all details of the ceremony were made public by degrees. The only thing lacking was the time of. Friends flatly refused to make this known. So when they slipped into the church the party was practically alone. A horde of newspaper men rushed up to the church sometime after the ceremony.

COLONIALS HOLD VICTORY MARCH

LONDON, May 3.—Twelve thousand British colonial troops participated in a "victory march" today.

Canadian, Australian, New Zealand, Newfoundland, South African and West Indian soldiers were in line. The parade started from Hyde park shortly after noon. King George took the salute at Buckingham palace, where Queen Mary, the prince of Wales, Field Marshal Haig, War Minister Churchill, Secretary Daniels and other notables were gathered.

Tens of thousands of persons cheered the marchers. The route was gaily decorated with flags and bunting. Twelve Canadian airplanes performed stunts overhead.

CZECHS ARE ADVANCING

BUDAPEST, May 3.—The Czechs, continuing their powerful offensive between the Hernad and Upper Sajo river, have reached Szikszo, it was officially announced today.

The Rumanian army, pushing westward toward Budapest, includes French, Spahi cavalry and artillery and is led by French officers.

Szikszo is on the Hernad river, 92 miles northeast of Budapest. The Sajo and Hernad rivers flow southward about 40 miles apart, the latter, joining Tisza, just below Szikszo. The Sajo, after reaching Ban Reve, turns abruptly to the eastward, joining the Hernad near Szikszo.

IRISH DELEGATES ARRIVE SATURDAY

DUBLIN, May 3.—Former Governor Dunne, Illinois; Frank P. Walsh and Michael J. Ryan constituting the Irish-American delegation at the peace conference, were scheduled to arrive here today. Their passports entitle them to visit "the president of the Irish republic." They are expected to return to Paris next week to keep an engagement with Premier Lloyd George.

NO MEMBER TO GO TO CONFERENCE

WASHINGTON, May 3. No member of the industrial board will attend the steel price conference in New York, May between the railroad administration and steel producers, it was stated today. Services of the board ended when arrangements for the conference were completed, members said.

CLEVELAND, O., May 3.—Of the 134 persons arrested in connection with the May Day disturbances here, only five were American born.

ATHENS HELLO GIRLS STRIKE

ATHENS, O., May 3.—Twenty "hello" girls in the Athens County Home Telephone Company walked out on strike shortly before 11:00 o'clock this morning refusing to work with the girls of the Bell Company, being transferred to the Home Company's office. The walkout is the first friction to appear as a result of the absorption of the Bell Company's interests in Athens-co by the Athens County Home Telephone Company. Manager C. L. Jones, of the Home Company stated that the girls were unjustified in their action and declared he intended to take care of the absorbed company's employes. No other labor questions are involved.

MEX. BANDIT IS EXECUTED

MEXICO CITY, May 3.—Pedro Gabay, bandit leader, who was with General Blanquet when the latter was killed, was reported today to have been executed by order of Felix Diaz. Diaz, in whose behalf Blanquet came to Mexico, is said to have issued the order because Gabay made no effort to defend Blanquet.

BAKER LANDS MONDAY

WASHINGTON, May 3.—Secretary of War Baker, who is returning to the United States on the transport George Washington, is expected to land Monday at New York.

CHICAGO—Here's a "flush" that proved expensive. Police reported five diamonds lost in the shopping district.

ITALIANS INTERFERE

PARIS, May 3.—Italian interference with a Greek celebration in Dodecanese resulted in some casualties, according to private advices received here today. The Italians are reported to have threatened the islands with starvation if there are any further demonstrations in favor of union of Dodecanese with Greece. The Greeks have asked the peace conference to award the islands to them.

BOSTON—A little thing like a fire in a movie theater didn't bother the screen fiends here. They refused to leave till the picture was finished.

Twentysix Miners Overcome By Fire

WILKESBARRE, PA., May 3.—Twenty-six miners were overcome today at the Nottingham colliery of the Lehigh and Wilkesbarre Coal Company, at Plymouth, as the result of "blackdamp" which formed from a mine fire that was raging about two miles from them.

First reports from the colliery were to the effect that several had been killed and as a result hundreds of people flocked to the head of the shaft. First aid calls were sent to the various hospitals and autos and ambulances rushed to the scene. A careful checking up shows there were no fatalities.

THREE SUSPECTS GET A HEARING

WEST CHESTER, PA., May 3.—Hearings will be given today to the three Hungarians arrested as "suspicious characters" yesterday near the home of State Senator T. Larry Eyre.

Department of justice agents working on the case are endeavoring to connect the arrests with the recent findings of bombs in the New York postoffice, one of which was addressed to Eyre.

6TH ST. THEATRE

The following is comment on the show at the Sixth-St. Theatre Wednesday evening taken from Cincinnati Enquire Sunday, April 27:

"Remnant," a production by Charles Emerson Cook, which is the offering at the Grand Opera House tonight serves not only to introduce to Cincinnati the refreshing personality of Florence Nash as the star, but also happily brings back a great footlight favorite Orrin Johnson, for many years a co-star with such eminent actresses as Maude Adams, Anna Russell, Henrietta Crossman, Marie Doro and other celebrities. He is best remembered perhaps as The Little Minister, when he appeared with Maude Adams.

Because Broadway has monopolized Miss Nash for more than a half dozen years it will be her first appearance here. As Maggie Lynch in "Within The Law," Miss Nash creation of the unpromisingly funny crook girl was the outstanding hit of that production. As Remnant, the little Paris waif, Miss Nash is said to retain all her laugh-provoking propensities. And in addition the role offers her opportunity for some splendid emotional acting.

Manager Hagans says he will guarantee that Florence Nash will personally appear in Coshocton Wednesday night, and that arrangements have already been made at the Park hotel for her suite of rooms.

WASHINGTON, May 3—Forecast May 5 to 10 inclusive:
Ohio Valley and Tennessee: Generally fair weather. Temperature normal at beginning and below normal thereafter. Frosts are probable middle of week in Ohio valley.
Region of Great Lakes: Unsettled weather and local rains Monday will be followed by generally fair weather thereafter. Low temperatures and occasional frosts.

NEW SALEM, ILL.—Has anybody seen a traveling "painless extraction" specialist? Citizens here want to meet him again. He exercised his talent on every chicken coop in the neighborhood.

SIX PRISONERS ESCAPE FROM JEFFERSON-CO. JAIL SATURDAY

STEUBENVILLE, O., May 3.—Six prisoners escaped from the Jefferson-co jail here late this afternoon in one of the most daring jail deliveries in the annals of the county.

By the aid of a wooden key modeled by Ernest Boyd, a trusty employed within the jail, the cells of the other five were unlocked and all filed out of the jail unnoticed by officials who were in the building at the time. The absence of the prisoners was not noticed until they had been gone 20 minutes.

The six crossed the Ohio river on a toll bridge without paying. No one ventured to stop them, and they had lost themselves in West Virginia late tonight while a posse of deputy sheriffs combed the countryside.

Boyd, the leader of the gang, was serving a term for disorderly conduct. The other fugitives are: John Yacum, grand larceny, Steubenville; Clarence Taylor, burglary, Lach Run; Ernest Waller, burglary, Adena; John Szchars, burglary, Dillonvale, and Eliza Daleski, stabbing, Dillonvale.

Several other prisoners were offered their freedom by the deliverers but refused to leave their cells.

BUDAPEST IS THREATENED BY RUMANIANS

BUDAPEST, May 3.—Budapest was declared within the war zone today and all men of military training have been called to the colors. The Rumanians have broken thru the Hungarian defense line along the Tisza river and have conquered the city of Solznok, 56 miles southeast of Budapest. A flank attack by the Czechs supported by the Rumanians on the Rumanian left wing forced the Hungarian troops to withdraw. Eighteen additional battalions of workmen are being rushed to the front.

French cavalry and artillery are cooperating with the Rumanians, who are largely officered by French officers.

WHY COSHOCTON THINKS ITSELF THE BEST TOWN IN THE STATE

Under the above head the Cleveland Press of May 3 carried the following story:

COSHOCTON, May 3.—Coshocton's public-spirited citizens with their indomitable determination to "get-up-and-get" make this inland town of 12,000 worthy of a larger gob of ink on the state map than it is ordinarily accorded.

This spirit of self-sacrifice for the commonweal on the part of both men and women gets under the hide of the Coshoctonian and makes him proud of his city and his neighbors, with the result that few care to remain away from the city longer than it requires them to come to a full appreciation of the most commendable trait of her citizenship.

Whether it is a Liberty Bond campaign, a War Stamp drive, a cleanup week or a city home-coming, Coshoctonians as a unit get behind the movement and put it across big.

Coshocton's factory heads and factory hands are too busy to devote any time to dodging duty.

The modern business man knows the value of advertising, and Coshocton's factories take advantage of that knowledge, with the result that Coshocton leads the world in the production of advertising signs and novelties.

Millions of Liberty Loan buttons bear the name of a Coshocton art works, the largest of its kind in the world, and Coshocton folk, rich and poor, have turned in and helped insert the pins that hold these buttons to millions of bond purchasers' coats, including their own.

And that's the spirit that makes life in Coshocton real enjoyment.

MYSTERIOUS DISEASE ON APPLE TREES EXPLAINED

Considerable concern is being shown by orchardists in central and northern Ohio over the fact that limbs of apple trees are dying and large cankers are appearing in the crotches of the trees. This is not any mysterious disease, says Frank Beach, extension horticulturist of the College of Agriculture, it is merely a further indication of the winter injury caused in 1917.

It is recommended that the dead wood be cut off and that the bark about the cankers be cut back abruptly to the live bark sometime between now and June. The cankors should be treated with a thick paint of white lead and raw linseed oil.

The trees that show considerable injury should be fertilized with manure or nitrate of soda.

COLUMBUS MEET TO BE ORDERLY

COLUMBUS, O., May 3.—Plans were under way today to thwart any attempt at an anti-government demonstration when Scott Nearing speaks at a Socialist meeting here Monday night. The meeting was called as a protest against imprisonment of Eugene V. Debs, Socialists said.

A group of loyal citizens plan to seek admission to the meeting that they may get a line on the proceedings.

Federal authorities had taken no steps today to prevent the meeting.

"No one is going to get away with a disloyal speech in Columbus while I'm mayor of the city," Mayor Karb declared.

AUTO ACCIDENT

While trying to turn his auto along South Lawn-av in front of his home there, William McCoy, city councilman ran the machine backwards up onto the lawn of W. W. Frederick, living just opposite him.

The machine got beyond Mr. McCoy's control according to the story of those who witnessed the incident, and brot up against Frederick's porch.

The lawn was badly torn up by the heavy machine and a little of the paint scratched from the porch but no other damage was done.

CALLED TO TENNESSEE

Miss Katherine Huston, trained nurse, who has been attending C. B. McCoy, Chestnut-st, for the past few weeks, left Saturday evening for her home in Tennessee, having been summoned by a telegram. Miss Hutson's mother has been seriously ill. Her place at the McCoy home has been taken by Miss Dillon from the City hospital.

YALE CREW WINS

DERBY, CONN., May 3.—The varsity crew of Yale won the boat race from Princeton University Saturday afternoon by one length.

The race was rowed on the Housatonic River course.

WEATHER STILL BAD.

ST. JOHNS, N. F., May 3.—The British attempt to make the trans-Atlantic flight was again postponed this afternoon because of weather conditions.

MATCH SOLDIER

CLEVELAND, O., May 3.—Frankie Brown, who knocked down Johnny Kilbane in Philadelphia recently today was matched to box the featherweight champion 10 rounds here May 14.

MOTHERS' DAY

COLUMBUS, O., May 3.—Ohioans will pay respect and honor to their mothers on Sunday, May 11. Governor Cox today issued the Mothers' Day proclamation, which asks that the mother's favorite flower be worn on that day.

RECEPTION OF AUSTRIANS IS BEING PLANNED

PARIS, May 3.—Preparations were begun at St. Germain today for reception of the Austrian peace delegates. Altho no date has been set for their arrival this activity was accepted as indicating they will come before the German delegation leaves Versailles.

(St. Germain is located on the Seine, seven miles north of Versailles and ten miles northwest of Paris.)

According to recent information the separate treaties with Austria, Turkey and Bulgaria, are to be taken up in succession immediately after the Germans receive the terms of the Pact they must sign. The same conditions are expected to govern the signing of these treaties as will be followed in disposing of the German Pact. The United States Press was informed yesterday that the Germans will be presented their arms Monday or Tuesday. No conference between allied and German representatives was scheduled for today. The "Big Three" continued discussion of disposition of the German cables yesterday. An unconfirmed report was circulated that a tentative agreement had been reached to award the cables to the allied powers which seized them.

PRISONERS FAIL TO MAKE ESCAPE

COLUMBUS, O., May 3.—Because the hooks on a hurriedly made rope broke before they went "over the top" Frank Jones, Hamilton-co prisoner serving life in the penitentiary for murder and M. Spitolsky, Lorain-co thief, were unsuccessful in their attempt to escape over the penitentiary wall about midnight Friday. Guard A. H. Johnson saw them and took them into custody.

ITALY STANDS PAT ON CLAIMS

ROME, May 3.—The Italian government is apparently determined that the allies must recognize her territorial claims or sign the peace treaty without her.

The Giornale D'Italia in an officially flavored article today intimated that either the associated powers shall recognize Italy's aspirations or Italy will break permanently with the peace conference.

The Messagero said that the situation was unchanged.

FARMERS FORM GRAIN ELEVATOR ASSOCIATION

About 100 Coshocton-co farmers and business men, mostly from the eastern part of the county met at Isleta Friday and formed an organization to be known as the Coshocton-co Grain Elevator Association.

The organization was formed for the purpose of handling the grain from that section of the county and doing away with the process of handling the grain several times from the field to the mill.

Five of the nine directors of the organization elected were: Mr. Calvin Lapp, Grant Emerson, Burt Miskimen, Ira Mizer and Grover Portz.

A grain elevator will be erected by the organization at Isleta by the organization and a meeting will be held Monday evening, May 5, for the purpose of discussing plans for this building.

ANNOUNCE TRANSPORT SAILINGS

WASHINGTON, May 3.—Transport sailings were announced by the war department today as follows:

GERMANS TO NEED QUANTITY OF OIL

NEW YORK, May 3.—German requirements during the next twelve months will approximate 500,000 tons of lubricating oil, 3,000 tons of paraffine wax and 600,000 tons of other petroleum products, acording to the estimate today of Mark L. Requa, director general of the oil division of the fuel administration. Requa said **these products would begin to move as soon as the allied blockade is lifted.**

LOAN CAMPAIGN FALLS SHORT OF THE EXPECTATIONS

WASHINGTON, May 3.—With two thirds of the time for the Fifth Victory Loan campaign passed, only slightly more than one-third of the minimum quota has been subscribed, according to official reports from the Treasury Saturday night.

Total subscriptions amount to $1,657,979,350 or 36.84 per cent of the minimum quota of $4,500,000,000.

Subscription in the Cleveland district totaled $151,734,200.

ANOTHER BOMB.

BOSTON, May 3.—Another high explosive bomb mailed to "a prominent individual" was discovered in the Boston postoffice late today. The infernal machine contained a quantity of nitroglycerine and bullets.

IS UNIMPROVED

The condition of C. B. McCoy, Chestnut-st, who has been ill for the past two weeks was reported unimproved Saturday night.

The May meeting of the board of trustees of the Associated Charities will be held Monday evening at the library, beginning at 7:30 o'clock.
